Thousands of golfers attest that using an ultrasonic cleaner extends the life of their golf clubs, allowing them to play better golf with clean club heads and grips. Ultrasonic technology is highly effective for cleaning, as the solution reaches all areas of the club head and grips much faster than any other cleaning method. Once you've used the Skymen ultrasonic golf club cleaner and experienced its quick, easy, and effective cleaning process, you'll never want to clean your clubs any other way!

### COMPARISON

#### ► Traditional cleaning

Put clubs in the tank/bath, immersible for several minutes with detergent, clean club/grips/balls one by one with soft brush to avoid damage the surface.

#### ► Ultrasonic cleaning

Put a full set of golf clubs in ultrasonic tank with suitable detergent, all will be cleaned within 2minutes.

### SPECIFICATION

Model	JP-160T
