High-Pressure Rotary Spray Cleaning Machine

Precision Cleaning.
Uncompromising Cleanliness.

How It Works

Utilizing industrial-grade high-pressure pumps to atomize cleaning fluids into high-velocity jet streams. These jets mechanically blast away metal chips, grease, and cutting fluids, restoring workpieces to factory-pristine surfaces.

KEY PROCESS FEATURES

Feature	Benefit
360° Rotary Spray	Comprehensive cleaning, no blind spots
Adjustable Rotation Speed	Flexible for both delicate and robust parts
Removable Cleaning Basket	Fast, ergonomic loading/unloading
Advanced Filtration System	Reduced fluid replacement costs
Smart Protection System	Prevents pump/heater damage
High-Capacity Storage Tank	Constant heating for heavy grease removal
Bottom Coarse Filter	Captures debris to prevent system clogs
Anti-Fog Window	Safe real-time observation
Sealed Lid with Right-Side Exhaust	Releases steam, prevents negative pressure, easy lid operation

WHY YOU NEED IT

Achieve High Cleanliness
Perfect for precision components

Reduced Labor Costs
Automated cleaning minimizes manual intervention

Boost Production Speed
Fast cycle times increase throughput

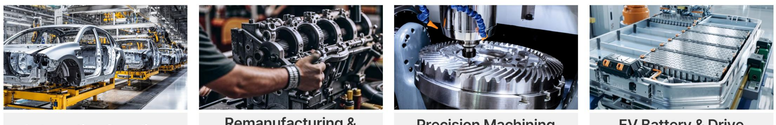
Eco-Friendly Compliance
Optimized fluid use and filtration minimizes waste

UNMATCHED CLEANING PERFORMANCE

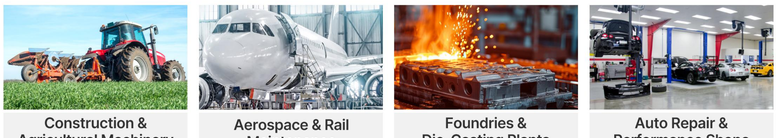
WHAT IT CLEANS

Engine Blocks | Transmission Gears | Turbochargers | Pistons | Die Casting Components | Aluminum Alloy Parts

WHO IT'S FOR



Automotive Suppliers | Remanufacturing & Engine Rebuilders | Precision Machining Centers | EV Battery & Drive Unit Manufacturers



Construction & Agricultural Machinery | Aerospace & Rail Maintenance | Foundries & Die-Casting Plants | Auto Repair & Performance Shops

PRODUCT MODELS

Model	Basket Diameter (mm)	Working Height (mm)	Load Capacity (KG)	Motor Power -	Rotating Speed (R/min)	Storage Tank (L)	Heating Power (KW)	Spraying Pressure (Bar)
JTS-0600-P	600	350	80	Water pump	5-10	70	3	3-5
JTS-0700-P	700	350	80	Water pump	5-10	85	3	3-5
JTS-0800-P	800	500	250	Motor	5-10	100	6	3-5
JTS-0900-P	900	500	250	Motor	5-10	130	6	3-5
JTS-1000-P	1000	720	250	Motor	5-10	145	6	3-5
